

A poem written by Priscar, Form 4
Shining Scholar | The Angaza Project

We Shine

Angaza Girls, shines in lines
Proud of themselves, smart looking, fit they are

Girls their days, learning through ways
Girls in the kitchen not, equal we are

Educate a girl child, the whole nation rules
Education is life, we all understand

Your sanitary towels provided a blessing to us
Hard working in school needs good health
We shall always appreciate, surely you deserve it

You become what you want if you think you are cared for
You are think of appreciated
There you are!

We will be ourselves
And surely we can do anything!
